

Weekly Service Pricing

Thank you for choosing **Pool Craft** for maintaining your pools water chemistry and cleanings. We offer these services on a weekly or bi-weekly basis for the duration of the pool season from May to August. Pool Craft recommends that your pool is tested and balanced on a weekly basis. If you choose our bi-weekly service we ask you or someone at the house test and balances the pool during the weeks we are not there.

Below are the pricing for our weekly and bi-weekly programs:

Chemical Check Program - \$60.00/Visit + additional chemicals needed

Full Weekly Maintenance Program - \$80.00/Visit + additional chemicals needed
(\$90/visit for pools in City of Toronto)

Bi-Weekly Maintenance Program - \$80 minimum based on Pool Size + any additional chemicals needed

******Cleanings scheduled after the Labour Day Weekend are \$90/Visit + any additional chemicals******

*****Please note pools larger than 18x36 are \$90/visit + additional chemicals*****

Please confirm your scheduled service and we will get your payment information and set you up on your chosen program.
