NOTICE: SALT WATER POOLS - CITY OF TORONTO

For clients WITH SALT WATER POOLS within the City of Toronto please NOTE:

CITY BY-LAWS prevent the discharge of SALT water into the municipal water treatment system. This means that pools containing salt cannot be discharged or backwashed into the street. Because of this, Pool Craft may have to schedule an additional visit to vacuum your pool at time of spring opening.

For pool closings, all clients with salt water pools must lower the water level to below the return jets prior to our arrival. There are a few ways to do this, give us a call and we'll walk you through it, or schedule a service call before your closing. If you are unable to lower the water please contact our office and speak to our SERVICE DEPARTMENT for pricing and options on lowering the water level.
